DETAILED ACTION

Allowable Subject Matter

1. Claims 15, 16, 18, and 19 are allowed. Claims 12, 14, and 17 were allowed in a previous Office action.
2. The following is an examiner's statement of reasons for allowance: the examiner is unaware of any prior art which suggests or renders obvious an attachment structure for an LED which has an anode, a cathode, and a pedestal such that anode and cathode connections are provided within a housing to wiring patterns on a substrate while also having a lead end which is thermally connected directly to a heat radiating member or a cooling member on the rear surface of the substrate or indirectly through a heat radiating or a cooling pattern which is independent of the wiring pattern on the substrate as suggested in claim 15. In addition, the remarks concerning the differences between the claimed subject matter ("lead end," "cathode," and "anode") and the Tokuji reference (JP 2003-188418) in the response filed on April 9, 2009 have been found to be persuasive.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
